Re: Corridor East of Brewery 112 Contract For: 6 Bears & a Goat

---

Specification Section: n/a Paragraph: n/a Drawing Reference: A1.3 Detail: 2

---

**Request:**

In laying out the new partitions it appears the corridors are larger than scaled/indicated. Is it preferred to move the wall to the east and maintain the 5'-0" corridor (as scaled) and incorporate that space into Brewery 112 or to hold tight to the 40'-0 1/4" dimension in the Brewery? (see attached sketch)

**Response:**

Hallway should measure 5'-0". Any additional space should be given to the Brewery.
